ABOUT JST

Joint Strategic Technologies (JST) is a small business focused on delivering mission-driven technology and services to the Federal Government. As a NASA SEWP VI Contract Holder, JST provides customers with streamlined access to a wide range of Information Technology, Communication, and Audio-Visual (ITC/AV) mission-based solutions and services in support of critical agency missions. JST delivers platform-agnostic solutions that leverage low-code/no-code (LCNC), artificial intelligence (AI), and traditional development approaches to address mission requirements across diverse technology environments. JST holds CMMI Level 3 (DEV & SVC), CMMC Level 2, ISO 9001, ISO 20000, and ISO 27001 certifications.

CATEGORY C

Category C supports mission-based IT services, allowing us to provide tailored application development, data analytics, systems engineering, and operational support aligned with the unique objectives of individual programs. Together, these awards expand the ways federal agencies can engage Cognizance Technologies through NASA SEWP VI.

HOW TO ORDER THROUGH JST

DEFINE YOUR REQUIREMENT

1

Identify the IT products, solutions, or services needed to support your mission.

REQUEST A QUOTE

2

Contact JST with your requirements. Provide the information listed below to help us prepare an accurate and timely quote.

COMPLETE ACQUISITION REQUIREMENTS

3

Follow your agency's procurement procedures, including fair-opportunity requirements when applicable.

ISSUE YOUR ORDER

4

Your Contracting Officer issues the Delivery Order citing JST's SEWP VI contract (80TECH26D0700).

FULFILLMENT & SUPPORT

5

JST processes your order, coordinates delivery, and provides ongoing customer support.

FAIR OPPORTUNITY

In accordance with FAR 16.505(b)(1), each Contract Holder shall be given fair opportunity to be considered for each order exceeding the micro-purchase threshold and issued under multiple-award contracts. The ordering agency's Contracting Officer (CO) determines the method for obtaining fair opportunity and must document the rationale for placement and price of each order. Use of the SEWP online Quote Request Tool (QRT) is recommended to assist in this process.

WHAT TO INCLUDE IN YOUR RFQ

To help JST provide an accurate and timely quote, please include:

Requirement Description

Solutions or services needed

Specifications

Technical requirements, SOW/PWS, or applicable specifications

Contract Requirements

Any applicable terms, conditions, or agency-specific requirements

Point of Contact

Name and contact information for questions regarding the requirement
